

Praise for National Fence & Deck Inc

At National Fence & Deck Inc our best advertisements are from our customers. We're proud to have built a lot of great relationships with people from all around Calgary. We treat all of our customers as if they were family and their homes as if they were our own. That's why we clean up during and after the job, whether we're building a new deck, pouring a concrete pad or putting up a new fence.

Please contact us at derek@nfdinc.ca or give us a call at 403-669-7721 if you have any questions.

Striving to Exceed Customer Expectations

National Deck & Fence are real artists of making dreams come true. What I provided was a very basic design to what I had in mind and Derek complemented it with his knowledge of the industry and the applicable regulatory requirements. By the end of the project, I was amazed of how these gentlemen are striving to exceed the customer expectations. Thank you Derek for making my dream come true.

Raed J

A Pleasure to Work With

National Fence & Deck did a great job building our fence and gates, start to finish! They take pride in their word and it shows. Derek was able to meet different requirements from my neighbor and me on our shared fence, and his crew delivered a fence that matched my neighbor's existing back fence on his side and looks great on my side making us both happy. Pleasure to work with, fair on price and highly recommended!

Satisfied customer

Honesty, Quality, Value and Timeliness

In a city that has grown the way Calgary has the last number of years finding a quality contractor for any project has become a nervous, scary experience. We've all heard stories by now about shoddy workmanship or companies taking off with deposits in the middle of jobs. I offered to do this testimonial for National Deck and Fence for that reason.

Derek and his boys completed a 100 ft fence, three gates and a dog ramp for me May 23rd 2013 and I cannot say enough good things about this company. I will try and make this as brief as possible and focus on the four factors that give me great confidence recommending National Deck and Fence.

Honesty. You can tell within the first five minutes meeting Derek and his sons that they are good, honest people and you can trust them. This factor above all else means the most to me.

Quality. When you look at my fence compared to similar one's in my area it stands out. It is solid and completely level, there is little doubt that it was built by carpenters.

Value. The price Derek quoted me (then reduced because the total length of the fence was a couple feet less than we anticipated) was fair and comparable to three other companies we met with.

Timeliness. I left for work one morning at 6AM (in the pouring rain) with nothing but posts and holes that were set the day before. I returned at 4PM after a full day of rain to find my fence completely finished.

Thanks Derek and family anytime you need a reference feel free to pass on our information.

Chuck and Christina B.

Beyond Impressed

We would highly recommend Derek and his team for anyone who is looking to have their deck build. After a year of shopping around and spoke to numerous of people, we have decided Derek and his team is our best choice. They are professional and we couldn't ask for a better looking deck. Derek spend hours of his time educating us about decks, giving us professional advice and helping us to design a deck that speaks to our personalities. Most importantly, we didn't felt pressured into making any decisions that we weren't comfortable with. Derek and his team are very respectful of what we want, offered us their best advices and they got our deck completed in high quality in less than 3 days. We are beyond impressed with the service and product that was offered to us by Derek and his company.

Providing the Wow Factor!

We had a very positive experience with National Fence and Deck Inc, a company led by Derek Schneider. Through the whole process Derek and his team were very professional, courteous and responsive in terms of delivering the project on time and meeting the quality and the look that we wanted. The deck when completed, exceeded our expectations and was certainly provided a wow factor when it comes to our home and what we envisioned, the team was very creative in the overall design and provided great guidance in the final outcome. I would certainly recommend Derek and National Fence to anyone looking to build new or redesign an existing deck.

Strat and Nova K.

Terrific Service and Workmanship

National Fence provided terrific service from estimate quotes to actual completion. They were able to get me the best prices available for my package.

I highly recommend their workmanship and service provided. Thanks,
David Y. - Calgary

No Hidden Costs, Always on Time

The deck that you completed for me is GREAT! I am very pleased with the work. The project of rebuilding the deck was "right on" with the estimates of cost to rebuild, the time factor and everything! You and your sons were always on time, called if you were going to be late and always cleaned up - from taking away the old deck wood to cleaning up after yourselves. There were no "hidden costs" or "add-ons" to the agreed upon price. I would recommend you highly to everyone! I am so happy with the work that I have "adopted" you and your sons as part of

my family!

Anna S. - Calgary

A Dependable, Honest, and Trustworthy Company

Dear National Fence and Deck,

When we were asked to write a testimonial for National Fence and Deck (NFD) we jumped at the opportunity to share our experience working with NFD. As we are very aware of how hard it is to find a good company you can depend on.

Twice we have hired NFD for two separate jobs for two separate homes. We have had them enlarge an existing wood deck, build a wood privacy fence with gates, build a chain link fence with gate, help design and construct a multi-level composite deck and lay sod.

Working with NFD has been an extremely pleasant and satisfying experience. They were very dependable and reliable. The work was always done in their estimated time frame and they were always there when they said they would be. When questions would arise they were

always easy to get a hold of for answers. These qualities were very important to us when hiring a trade.

They take great pride in their work resulting in a finished product done to the highest of standards.

Derek and the boys were very personable, easy to talk to and listened to what we wanted and needed. We have started a great a working relationship along with a new friendship.

We would highly recommend NFD to anyone looking for a dependable, honest, and trustworthy company for their fence and decking needs. We cannot emphasis enough how happy we were hiring them.

Thank you National Fence and Deck Inc. Sincerely,

Lindsay and Mikael S. - Calgary
